30 APRIL 2012

To whom this concerns,

Considering the situation recently investigated by Carleen Howard and Brent Simcosky regarding Richard McGrath I would like to formally submit a grievance.

This grievance pertains to the lack of impartiality and candor in the response to the matter.

I wish to use the letter I received from Deborah Patton in response to my report as primary basis for this grievance.

Thank you for your cooperation, your time is appreciated.

Regards,

 Johnson
